Subject: TELEWELL ELECTRIC CO.,LTD. , FCC ID: UNLBTD33, Assessment NO.: AN06T6232, Notice#1

Question #1: This device is a USB dongle, it is a qualified PC peripheral. Please confirm whether the digital portion is authorized by DoC or Certification. If it is through DoC, then please revise the FCC ID label for add FCC DoC logo on the label. If it will be authorized through certification, please submit a separate filing under Equipment Class of "JBP".
Ans: It is through DoC, the FCC ID label is revised to add FCC DoC logo. Please see the attachment.

Question #2: The operational description of the Bluetooth chip shows the device can transmit in one time slot, three time slots and 5 time slots, but the test report provides Dwell time test data at DH1 mode only. Please provide test data at DH3 and DH5.
Ans: We revised page 9 of the operational description. Please see the attachment.

Question #3: Appendix - RF exposure in the test report indicates SAR evaluation is applied, "Please refer to the separate SAR report". Please explain where is the SAR report, why this device needs SAR evaluation.
Ans: As per client's required to test SARevaluation. Please see the attachment.

Best Regards,
Helen Zhao

The items indicated above must be submitted before processing can continue on the above referenced application. Failure to provide the requested information within 30 days of the original e-mail date may result in application dismissal and forfeiture of the filing fee. Also, please note that partial responses increase processing time and should not be submitted. Any questions about the content of this correspondence should be directed to the e-mail address listed below the name of the sender.
